

Day 2

[Snowball in news report appears on the screen. Stage is dark.
Wolf and Minions enter as report plays.]

Snowball: Good morning, everyone. It's another beautiful day in Calvaryburg. After the Super Squad made quick work of the evil Dr. Wolf and his minions yesterday, things are looking sunny and bright for us today! That's right, folks, as long as Calvaryburg has our superheroes to protect us, there's nothing Dr. Wolf can do!

[Evil lair scene. Stage lights turn. Wolf is pacing.]

Wolf: Can you believe the nerve of that cat! To think that this town has heard the last from me. Bah!

Minion 1: You know, boss, she does kind of have a point.

Wolf: What did you just say to me?

Minion 2: I think what he meant to say is... well you know, it's just that...

Wolf: It's just that *what*?

Minion 1: It's that, the Super Squad kind of, sort of, always wins.

Minion 2: Yeah, as long as they have their powers, we don't stand a chance. I wish there was a way to get rid of their powers.

Wolf: Get rid of their powers? Hmm... I just might have an idea.
But we will need some supplies. Are you two ready to cause some trouble?

Minion 1: Trouble... I like the sound of that.

Wolf: Then come with me.

[Villains exit. Apartment scene. Jill and Mom enter.]

Mom: Are you ready for your first day working with the President?
[She anxiously adjusts Jill's shirt, hair, etc.]

Jill: I guess. I still don't really understand why he wants me on his leadership team. What do I really have to offer him? I don't have superpowers or money. I'm not even that smart. [Mom adjusts something else.] Mom, stop it, I'm fine.

Mom: We can't have you looking like a slob for the President.
There, perfect. But look at the time! Looks like you have to go, and I need to get to work. [There is a rumbling sound.]

Jill: What's that? [He goes to look out the window. Video plays of car being destroyed.] Oh no, mom, your car! It's destroyed!

Mom: What? My car? How am I going to get to work?

Jill: I can drop you off.

Mom: Don't be silly, my job is on the other side of town.

Jill: Well, I don't know what else to do. We need another car.

Mom: Maybe the President can help. You can talk to him.

Jill: The President? Why would he care about my needs? He has the whole city to take care of, and he deals with much more important people, like the Super Squad.

Mom: Either way, we'll need to hurry if you want to be on time.

[Jill and Mom exit. Mansion scene. President, Agent 2, and Super Squad enter.]

Captain Brainwave: It sounds like more meteors are hitting around the city. I fear they were no accident.

Agent 2: Do you think Dr. Wolf is behind it?

Unbreakable Woman: Who else could it be?

Agent 2: I suppose, but then what is he planning?

Mighty Man: Maybe he's trying to... [Jill comes running in.]
Showing up late on your first day? Not a good look.

Jill: I'm so sorry, Mr. President. I had to take my mom to work because her car was destroyed by one of the...

UW: We don't have time to hear about why you overslept. We have more important problems.

Jill: I understand that, I'm really sorry. Mr. President, I wanted to ask, would you be able to...

CB: Look, sweetie, we're in the middle of a meeting. So why don't you just...

President: Friends, please. I'm sure that... [President is interrupted by a siren, flashing light.]

MM: The Super Siren! [Agent 1 comes running in.]

Agent 1: Sir, something is happening at the city's science lab. I'm afraid it might be Dr. Wolf.

UW: We're on it. Alright team, let's suit up.

Jill: Is there anything I can do to help?

MM: There is. You can stay out of the way. Come on guys, we have a supervillain to catch! [Super Squad exits.]

Agent 1: [Pulls out phone] Yes, okay, okay. [Puts away phone] Sir, they're calling for you in the situation room.

President: Well then let's hurry. Jill, I need to run, but I promise we will talk soon. I have some things around here that need doing. Agent Collins will show you what to do. [President and Agent 1 exit.]

Agent 2: Ma'am, you can follow me downstairs.

[Jill and Agent 2 exit. Laundry room scene and sounds. Jill and Agent 2 enter with bins.]

Agent 2: Make sure to fold all the super suits so that there are no wrinkles. And make sure you never, NEVER wash Mighty Man's red cape with his white one. I won't make that mistake again. You can take this bin, I'll work over here. [Agent 2 takes bin and moves to the other side of the stage.]

Jill: Laundry. Of course! I can't stand laundry, but I shouldn't be surprised. It's not like I can do anything useful, like help the Super Squad fight Dr. Wolf.

[Super Squad enters.]

CB: I can't believe you two let Wolf and his minions get away.

MM: You think it was my fault? I'm pretty sure that all of us running in together was your idea. I thought you were supposed to be the smart one, Captain Brainwave.

CB: Well now Wolf and his minions have their hands on all sorts of weird machines. You'd better hope that wasn't everything he needed for his master plan.

UW: Would you two stop fighting? You're giving me a headache. Hey look, the President finally put broom girl over here to good use.

CB: Yesterday, she bravely got frozen by Wolf's minions, and now she's showing leadership by ironing our suits. What a hero!

MM: Hopefully she'll be able to handle washing my super socks.
[He throws a pile of socks at Jill.] Oh, and Collins, make sure you don't mix up the Unbreakable Woman's suit with mine again.

UW: Let's let them back to their important work. Call us if Dr. Wolf tries to steal the detergent. [They all laugh and exit.]

Jill: [Smelling MM's sock] Well, Mighty Man might have the strength of 100 men, but his feet have the stink of 1000.

Agent 2: Don't worry about them. Anyway, it's almost 5. We can finish the rest tomorrow.

[Jill and Agent 2 exit. Apartment scene. Jill and Mom enter.]

Mom: Thanks for picking me up from work, and I'm sorry your day didn't go as planned.

Jill: That's okay, it was silly of me to expect that the President would want me for anything important.

Mom: Did you ask him about the car?

Jill: I never got a chance. But what does it matter, that's probably for the best. It's not like he would care about what I need anyway.

Mom: Well, I'm ready for dinner. Unfortunately, I didn't get to go to the store today because of the car, but I think we have some leftovers in the fridge. [She picks up a package.] Hmm, that's funny, I don't remember seeing this here before. It has your name on it. [She hands the package to Jill. Jill opens an attached envelope and reads a note inside.]

Jill: Dear Jill, I'm sorry to hear about your mom's car, especially after all you've done for me. I want all of my people to have everything they need. I hope this helps. Thanks for all your help! Sincerely, President Shepherd. [She opens the package.] It's some kind of a device with a button. But what does it do?

Mom: Try it.

[Jill presses the button. A car sound plays and a limo appears on the screen. Agent 1 enters.]

Agent 1: The limo you requested is here, ma'am.

Jill: The what?

Agent 1: The President's limo. Whenever you press that button, I've been told to take you wherever you want or need to go.

Jill: Seriously?

Agent 1: Most certainly. Oh, and ma'am, there's one more thing.

Jill: What's that?

Agent 1: I was told to take you and your mom out to dinner tonight, the President's treat.

Mom: This is amazing! I told you he cares about you. Now let's go, I'm getting steak and lobster tonight!

[Snowball's voice plays as they exit.]

Snowball: What is Dr. Wolf planning? Will the Super Squad be able to stop him? Why does the President care some much about Jill? Come back tomorrow to find out at VBS!
